EDUCATION

- **Velagapudi Ramakrishna Siddhartha Engineering College** Vijayawada, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 8.08 Oct 2022 - Apr 2026

SKILLS SUMMARY

- **Languages:** Python, C++ , JAVA
- **Frameworks:** React, Spring ,Scikit
- **Tools:** Kubernetes, Docker, GIT, PostgreSQL
- **Platforms:** Linux, AWS
- **Soft Skills:** Team Collaboration, Public Speaking, Time Management

EXPERIENCE

- **HCLTech** India
Graduate Trainee 2026 - Present
 - **Cloud Engineering Training:** Currently undergoing technical training with basic exposure to AWS, cloud infrastructure, and migration concepts.
 - **Cloud Migration Project:** Gaining exposure to enterprise cloud migration workflows and cloud-based application environments through technical training.
- **AICTE – EduSkills** Virtual
Network Security Associate Intern Jul 2025 - Sep 2025
 - **Network Security Training:** Completed a 10-week virtual internship focused on network security fundamentals and cybersecurity concepts.
 - **Security Concepts:** Gained exposure to network protection, security practices, and enterprise security technologies through structured training.

PROJECTS

- **Incident Detection & Response System (CICIDS) (Python, CNN-BiLSTM, TensorFlow/Keras, Linux):**
 - Built a hybrid CNN-BiLSTM intrusion detection model using the CIC-IDS2017 dataset to capture spatial and temporal attack patterns.
 - Used class-balanced training to improve minority attack detection and achieved 91% accuracy using Precision-Recall, ROC, and confusion-matrix analysis.
- **Reinforcement Learning based Traffic Control System (Reinforcement Learning, Computer Vision):** AI model to resolve city traffic around 50% faster. Tech: Python, Alibaba Cloud, Raspberry Pi, Arduino, SUMO & OpenCV. (August '18)
- **FoodDel – Full-Stack Food Ordering Platform (React.js, Spring Boot, Spring Security, PostgreSQL):**
 - Developed a full-stack food ordering application using React.js and Spring Boot with REST APIs and PostgreSQL.
 - Implemented user authentication and application security using Spring Security and Spring Data JPA.

CERTIFICATIONS

- **Cisco Certified Ethical Hacker:** Cisco
- **CCNA – Introduction to Networks:** Cisco
- **NDG Linux Essentials:** Cisco Networking Academy
- **Programming in Modern C++:** NPTEL

ACHIEVEMENTS

- Solved 200+ problems on LeetCode and achieved a contest rating of 1492.
- Presented and published research paper titled “Sustainable Farming with AI: Real-Time Plant Disease Monitoring” at ICAAAIML-2025.
- Submitted a research paper on CNN-BiLSTM based multi-class intrusion detection using the CIC-IDS2017 dataset.

VOLUNTEER EXPERIENCE

- **National Service Scheme (NSS)** Vijayawada, India
Volunteer
- **LV Prasad Eye Institute** Vijayawada, India
Volunteer – Recorded Audiobooks for Visually Impaired Readers
